Employment History

Interac, Yokohama, Japan   **April 2016 – September 2022**
English Teacher
Led lessons for every grade in public elementary and high schools in Yokohama and surrounding cities. Ensured that permanent teachers understood the new and constantly updating curriculums for English in each city and demonstrated effective techniques for facilitating student performance.
- Created lesson plans and tweaked existing lesson plans for a multitude of English classes from first grade to high school.
- Made an abundant amount of materials to assist both myself and other teachers in our classes' English lessons.
- Communicated with coworkers and other school staff members primarily in Japanese and followed the rigid rules of Japanese work culture.
